ABOUT US · MUMBAI · SINCE 1989

A family print business, now with a packaging and gifting line.

Girjashankar Choudhary started Jais Enterprises in Mumbai in 1989, printing stationery and packaging for businesses that needed jobs done properly. Work came by word of mouth, and it still does.

Over the years that grew into offset printing, branded packaging and corporate gifts for hotels, restaurants, cafés, drinks brands and offices. Jais Brandworks puts all of it in one place, so the cups, bags, napkins, boxes and print you hand out look like they belong together.

You deal with one of us from the first message to delivery.

The first copies are held up against the mockup you approved before the full run.
